Chris,

Attached is the correspondence for AL-18-000-9851 that we discussed on the phone just now.

One of the staffers for one of the Congress persons who signed the letter called to ask why it wasn't in the docket.

The controls team had not sent it to you yet.

So we appreciate you docketing the correspondence today, and we will let our contact in DC know that it takes a few days to chug through the systems and should be visible to the public early next week.

Thank you,

Peggy
